If you are interested in receiving information about cults, new religious movements and related subjects subscribe to one of the following:

OPTION 1

INTERNET MAILINGS

If you choose this option you will receive articles from various sources on cults, new religious movements and related subjects, announcements of upcoming conferences, television programs and our “**News from Info-Cult**” bulletin.

You can subscribe to an English **and/or** French list.

Note:

The information sent out on the English list and the French list is generally different. The mailings are provided as a public service and solely as a source of information and if a group is mentioned it does not denote that Info-Cult considers the group to be a cult or harmful.
